with the jungian term of the complex the present volume inquires about the making of the artistic persona in twentieth century photography the articles examine photographic self portraits the dynamics between self statements of artists and photographers the interrelations of photography of painting and of performance art and investigate their origins in the history of ideas the volume traces a portrait of photography as a metascience as preparatory work a source of inspiration and an alternate medium in which artists could explore different subjects with essays by ulrike blumenthal till cremer victoria fleury jadwiga kamola weronika kobylińska bunsch nadja köffler constance krüger wilma scheschonk gerd zillner

this study confronts proust s underlying search to explain through literature the meaning of the human self it deals with proust s creative silence from an aesthetic philosophical point of view by comparing him with merleau ponty claudel braque marcel st bonaventure and st augustine

the 312 painters sculptors and graphic artists in this biographical dictionary were selected from the outstanding artistic figures in the united states europe and latin america the biographical information includes family working background and aesthetic beliefs there are many quotations from the artist and from critics also included is a list of significant collections and a bibliography

keine ausführliche beschreibung für französischsprachige gegenwartsliteratur 1918 1986 87 verfügbar

cubism was the most influential artistic movement that emerged in the twentieth century yet just what cubism was or stood for at the time of its emergence is still in dispute while the explanations offered for its importance for twentieth century art and its legacy for the present are bewildering in their variety this fascinating book offers a way beyond this confusion a narrative of its beginnings consolidation and dissemination that takes into account not only what the style and the movement signified at the time of its emergence but also the principal writings through which cubism s significance for modernism has been established visually stunning with over 100 illustrations this is an essential work for all students and teachers of modern art history
